DRIVING INNOVATION
WITH PURPOSE

Disclaimer

This presentation has been prepared and issued by iWOW Technology Limited ("iWOW Technology", "iWOW" or the "Company") to inform interested parties about the Company and its progress. The material contained in this presentation sets out general background information on the Company and its activities. It does not constitute, nor does it contain an offer or invitation to subscribe for or purchase any securities in the Company or an inducement to make an offer or invitation with respect to those securities. No agreement to subscribe for securities in the Company will be entered into on the basis of this presentation. The distribution of this document in jurisdictions outside of Singapore may be restricted by law, and persons into whose possession this document comes should inform themselves about and observe all such restrictions.

The information supplied is in summary form and does not purport to be complete. Neither the Company nor its advisers have verified the accuracy or completeness of the information, statements and opinions contained in this presentation. Accordingly, to the maximum extent permitted by law, the Company makes no representation and gives no assurance, guarantee or warranty, express or implied, as to, and takes no responsibility and assumes no liability for, the authenticity, validity, accuracy, suitability or completeness of, or any errors in or omission, from any information, statement or opinion contained in this presentation.

You should not act or refrain from acting in reliance on this presentation material. This overview of the Company does not purport to contain all information that its recipients may require in order to make an informed assessment of the Company's prospects. You should conduct your own investigation and perform your own analysis in order to satisfy yourself as to the accuracy and completeness of the information, statements and opinions contained in this presentation and when making any investment decision. You should seek professional advice from your stockbroker, solicitor, accountant, financial adviser or other independent professional adviser before deciding whether to invest in the Company. The Company and its advisers disclaim liability for any and all loss or damage which may be incurred by any recipient through the use of, or reliance upon, any information, statement or opinion contained in or omitted from this presentation.

Forward-Looking Statements:

All statements, other than statements of historical fact, included herein, including without limitation, statements regarding forecast cash flows, future expansion plans and development objectives of the Company are forward-looking statements. Although the Company believes that the expectations reflected in such forward-looking statements are reasonable, they involve subjective judgment, assumptions and analysis and are subject to significant risks, uncertainties and other factors, many of which are outside the control of, and are unknown to the Company. Accordingly, there can be no assurance that such statements or expectations will prove to be accurate and actual results and future events may differ materially from those anticipated or described in this presentation. Subject to any continuing obligations under applicable law or any relevant listing rules of the SGX, the Company disclaims any obligation or undertaking to disseminate any updates or revisions to any forward-looking statements in this document to reflect any change in expectations or any change in events, conditions or circumstances on which any such statement is based.

Past performance:

This presentation includes information regarding the past performance of the Company. Investors should be aware that past performance is not indicative of future performance.

Company Overview

iWOW

OUR VISION

**A smarter, greener & safer world through
innovation in wireless technology**

We are a technology provider specializing in integrated wireless IoT solutions & telecommunication infrastructure.

OUR PORTFOLIO

SMART NATION

Monitoring of prisoners-on-parole & youths-at-risk through electronic ankle tags

Tracking of seniors' safety and well-being

SMART BUILDING

Improving productivity of facility management and helping building owners uncover unconscious waste in utility consumption

SMART INFRASTRUCTURE

Building telecommunication infrastructure within buildings and across cities.

ALERT ALARM SOLUTION

**since
2018**

**keeping seniors who live
alone safe**

ELECTRONIC
MONITORING SOLUTION

**since
2014**

**helping ex-offenders &
youth-at-risk re-integrate
with their families**

TRACE TOGETHER TOKEN

2020-22

**protecting communities &
businesses in a pandemic**

**SMART
NATION**

2

SMART BUILDING

smart soap
dispenser

smart toilet
roll sensor

smart smell
sensor

smart electricity
meter

smart water
meter

3

SMART INFRASTRUCTURE

Public WIFI
(wireless AP/
Routers / firewall
/ backend
servers)

CCTV & TECH REFRESH
for Data Centers

Wireless Infrastructure
tetra radio

3G/4G/5G base-stations
CCTV surveillance system

IT Infrastructure
(servers,routers, switches, etc)

Well-positioned to ride the post-covid digitalisation wave

Increasing demand for IoT solutions

Global IoT industry

- Global IoT market value is expected to reach **US\$3.35 trillion** by 2030 ¹
- Global smart city revenue is forecasted to reach **US\$241 billion** by 2025 ²
- Singapore Government plans to spend up to **SG\$3.3 billion** in ICT in 2023 ³

Proliferation of enabling technologies

- Advancement in new wireless technology standards such as **5G** and low-power wide area connectivity networks (e.g. **LoRaWAN** and **NBIOT**) have enabled communications with low latency, increased security and enhanced efficiencies.
- Advancement in **Cloud Computing**, **Big Data** and **Artificial Intelligence** have accelerated digital transformation momentum in all sectors.

Confluence of megatrends

- Megatrends which are shaping the global economy represent positive tailwinds for the IoT industry:
 - **Urbanisation**
 - **Aging Population**
 - **Sustainability**
- Singapore is at the forefront of these megatrends through its **Smart Nation program**. According to IMD's Smart City Index 2023 ⁴, Singapore is ranked 7th, making it the **top Asian city**.

Key Products & Services

Segment	Product / Solution	Description	Nature of revenue
Smart City Solutions ("SCS")	 Smart Metering	Deployment of Smart Metering solutions	Project Fees Product Sales
	 Trace Token	Design and supply of the contact tracing solution and Trace Token	
	 Alarm Alert System ("AAS")	Deployment of Alarm Alert System solutions with iWOW Developed Hardware	
IoT as-a-Service ("IaaS")	 Smart Metering	Operation & Maintenance of our Smart Metering solutions	Recurring based on a subscription model
	 Alarm Alert System ("AAS")	Operation & Maintenance of our Alarm Alert System solutions	
	 Electronic Monitoring System ("EMS")	Deployment and operation of our Electronic Monitoring System solutions with iWOW developed hardware	
Smart City Infrastructure ("SCI")	 Wireless Engineering Solutions ("WES")	Deployment and Maintenance of telecommunication network infrastructure	Project Fees
	 Datacomm & Enterprise Solutions ("DES")	Deployment and Maintenance of in-building wireless connectivity solution	Recurring operations & maintenance fees

FY2023
Financials

iWOW

Financial Highlights

Revenue

Net Asset Value per share ¹

Net Profit & Net Profit Margin

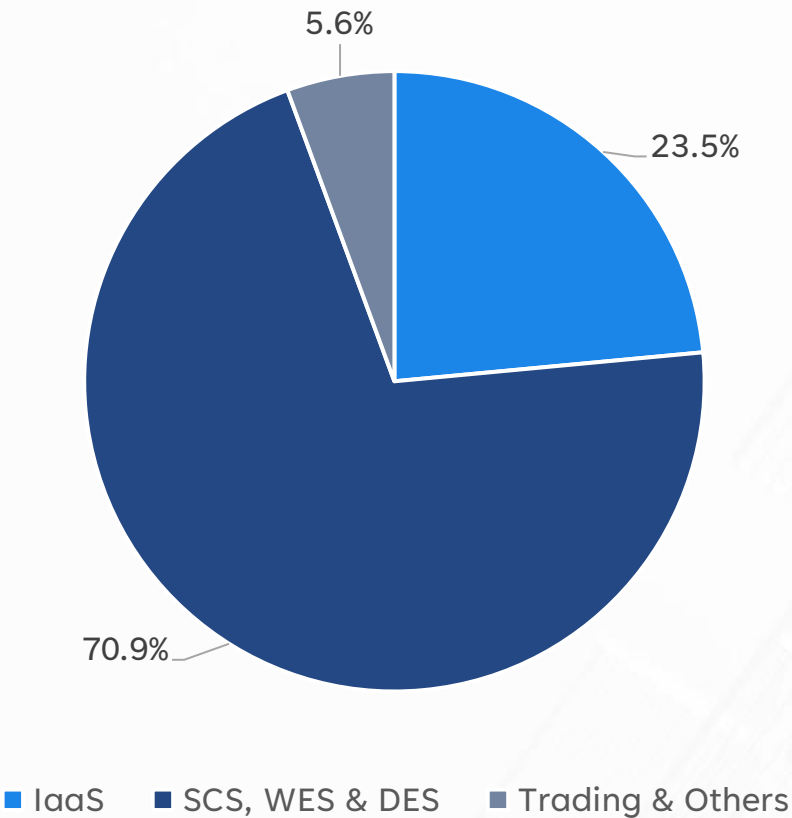

Earnings per share ¹

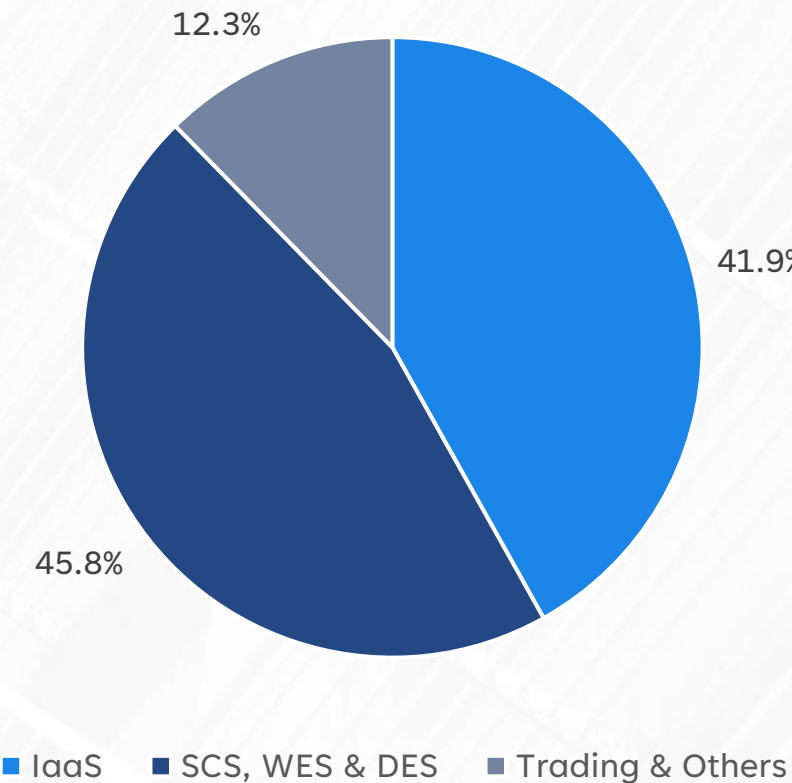

¹ For illustrative purpose, the pre-placement issued & fully paid ordinary shares of 224,430,260 as at 31 Mar 22 is assumed to have been issued as at FY2021.
* Figures may not add up due to rounding.

Financial Highlights FY2023

Revenue Breakdown

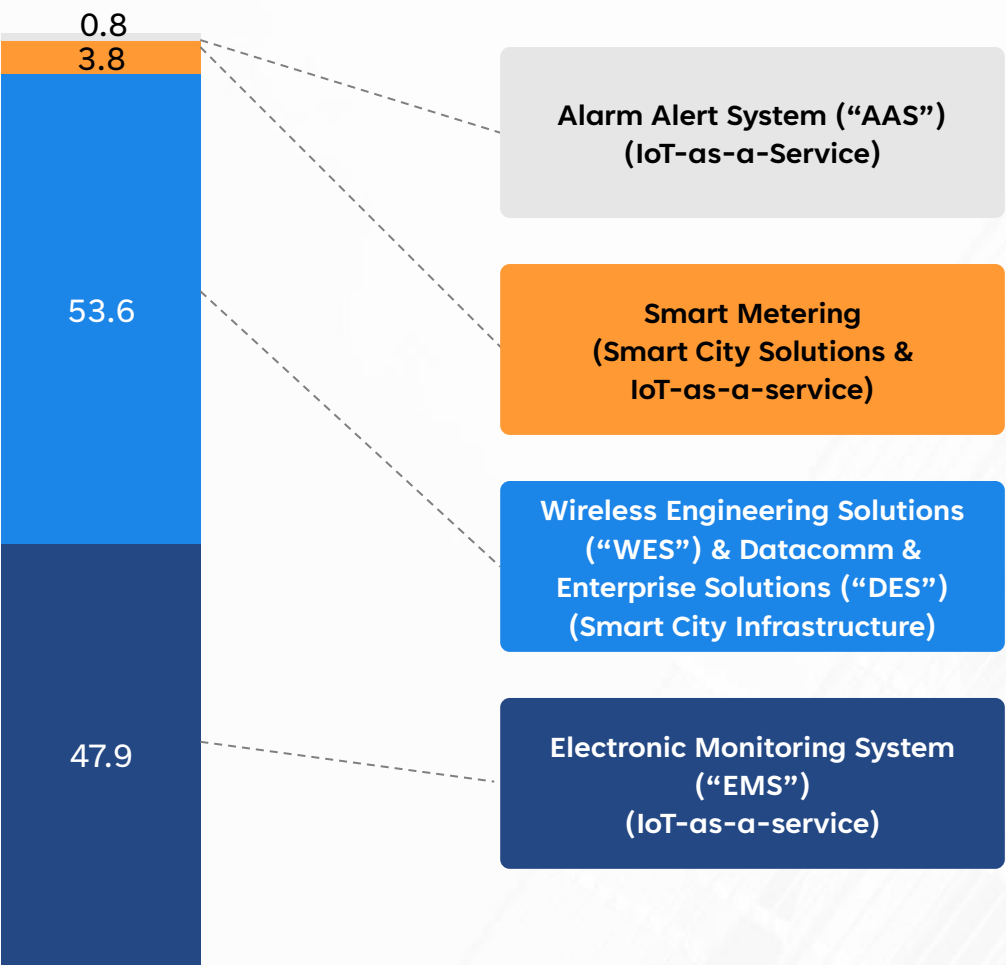

PBT Breakdown

Order Book Growing Strongly

S\$106.1 million

As of Aug 2023

Order Book

❑ Order Book increased to S\$106.1 million as of August 2023, a 25% increase from June 2023.

3

Business Updates

iWOW

Business Updates

Expansion

- ❑ Completed acquisition of Roots Communications Pte Ltd, a leading telecommunication solutions provider and regional value-added distributor, serving telcos and enterprise clients.
- ❑ Incorporated iWOW Malaysia as satellite R&D office

Major Contracts Awarded as announced since Jul 2023

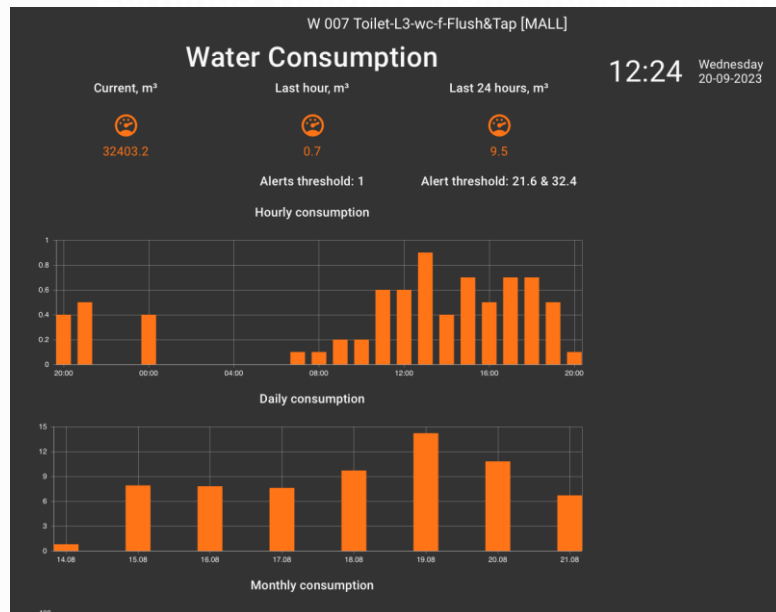

- ❑ S\$20.0 million – Smart City Infrastructure (covering Hardware Installation to be fulfilled over next 12 months with 10-year Maintenance Services)
- ❑ S\$4.8 million – Smart Metering for Leading Commercial Real-Estate Services Provider in support of Utility Billing Service (IoT-as-a-Service for 5 contract, with option for additional 5-year extension)

Business Updates

Research & Development

- ❑ New Personal Alert Button for seniors
- ❑ New Electronic Monitoring Tags for youth-at-risks & high-risk prisoners
- ❑ New Smart Building platform that facilitates the integration of data from smart meters and other IoT sensors

Capability Development

- ❑ Cyber Security & Data Protection : First subsidiary certified ISO 27001 (global standard for information security management systems) with rest of iWOW Group targeted to be certified by 2024.
- ❑ Patent pending for new products

Progress in our strategic roadmap

Enhancement R&D to bolster our IoT offerings

- Focus on R&D of new products aimed at meeting unmet needs of the Eldercare and Endemic Management
- Separate announcement will be made on product launch

Expansion via investments, M&A, JV

- Target companies that have complementary technological solutions, allowing the Group to expand its offerings to other geographical locations and/or achieve value chain integration in existing markets or to penetrate emerging markets

Expansion of our customer base and product offerings

- Expand and organize our team to not only win and deliver our IoT solutions

Increasing our reach

- Offer IoT solutions in adjacent countries – Japan, Thailand, Malaysia, Indonesia and the UAE
- Target countries with high IoT penetration and digital infrastructure or countries with technology driven policies like Singapore's Smart Nation Initiatives
- Trade shows and joint-marketing with partners

4

Strategies & Investment Merits

iWOW

Investment Merits

Strong Track Record In Smart City & Wireless Infrastructure Projects

Well-positioned to Capture Robust Tailwinds and Megatrends

Earnings Visibility from Higher-margin, Recurring Subscription Business

Integrated IoT Solutions and R&D Capabilities Are Key Strengths

Scalable Asset Light Business Model
